

Section 2

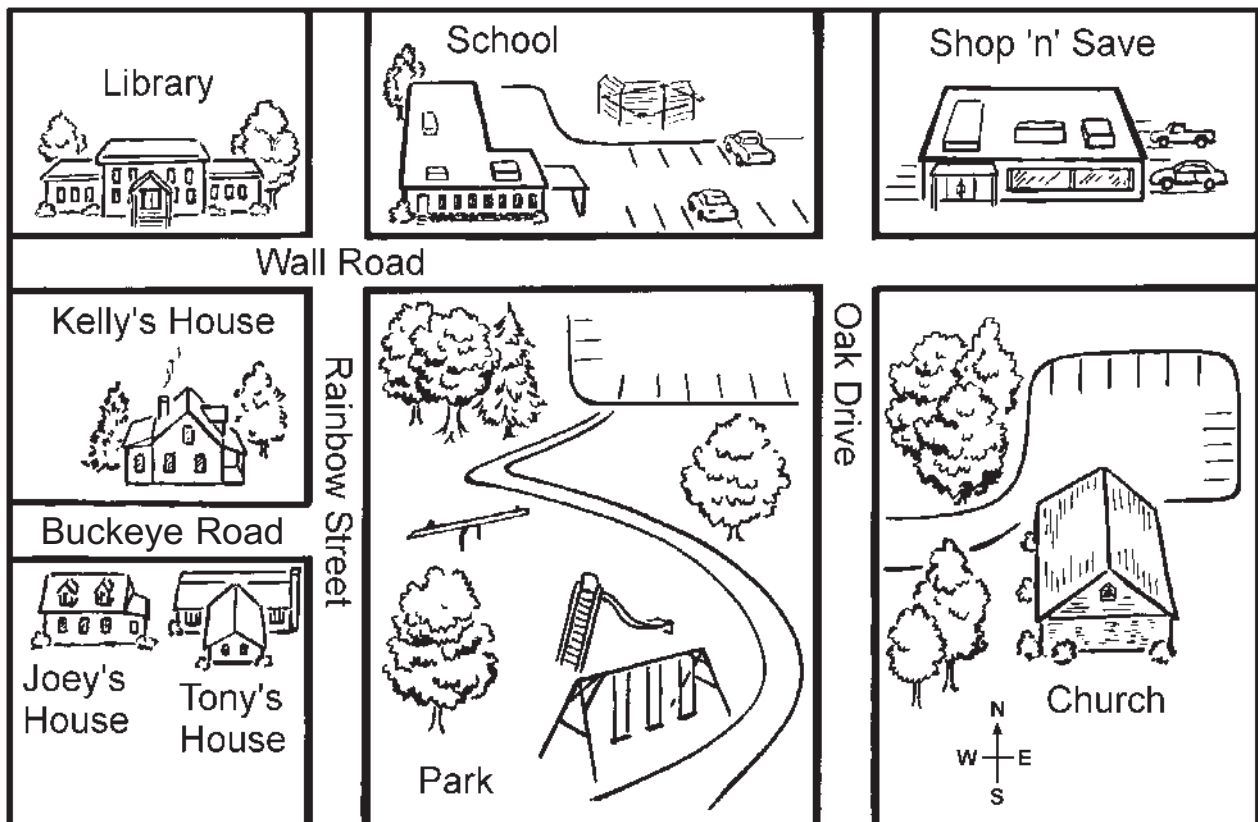

Lesson 6

Giving Directions

Suppose you need to tell someone how to get to your house from your church. What would you say? Being able to give good, clear directions is important.

Joey had invited Tony to go to church with him on Sunday. Tony's father came to Joey's house to ask for directions to the church. This is what Joey told him:

"Go east on Buckeye Road to Rainbow Street. Turn left and go north to Wall Road. Turn right and go one block to Oak Drive. Turn right. The brick church is on the left side of the road. The driveway is between four big oak trees."

When you give directions . . .

- . . . keep them short and to the point.
- . . . use words that are exact.
- . . . give them in the correct order.
- . . . speak clearly.

Did Joey give good directions to Tony’s father?

Circle the letter of the directions that are given clearly.

1. a. *Go to the store, then make a left just before you get to a bridge. Just past the bridge is a sign with pictures of geese. If you get to the sign, you missed the road you want to turn on. Go down the road for a ways until you see the black mailbox.*
- b. *Drive two blocks past Shopmart. Just before you get to the bridge, turn left on Falls Road. Go five miles on Falls Road until you come to 4125 Falls Road. It will be a gray brick house with a white picket fence and a black mailbox.*

Using the map on page 20, write good directions . . .

△ 2. . . from the library to Kelly’s house. _____

△ 3. . . from Shop ‘n’ Save to the library. _____
